Manuscript Number: JBE-D-22-02246R1

Numerical analysis of additional heat loss induced by air cavities between insulation boards due to non-ideality

Jaanus Hallik; Paul Klõšeiko; Reimo Piir; Targo Kalamees

Dear Dr Barrios del Valle,

I'm writing to invite you to review the revised version of the above referenced manuscript submitted by Mr. Jaanus Hallik. As you kindly reviewed the previous version of this manuscript, I would value your input on this revision.

The anonymised reviewer comments to the author for the previous version are included below for your reference.

Please respond to this invitation at your earliest opportunity.

If you can review this manuscript

Just click this link to confirm: <https://www.editorialmanager.com/jbe/l.asp?i=700810&l=E3NJDUA>

As you know, timely reviews help us provide authors with a prompt decision, so I would appreciate you sending your review within 8 days of accepting this invitation. After accepting this invitation, you'll receive a confirmation email that includes all the information you need to view the manuscript and submit your review.

If you can't review this manuscript

If you are unable to review on this occasion or have a conflict of interest, please click the link below to decline the review and kindly suggest potential reviewers for this manuscript.

<https://www.editorialmanager.com/jbe/l.asp?i=700811&l=Q64AOHHC>

Need more time?

If you anticipate a delay, please respond to this email and I will get back to you.

More information

You should treat this invitation, the manuscript and your review as confidential. You must not share your review or information about the review process with anyone without the agreement of the editors and authors involved, even after publication. This also applies to other reviewers' "comments to author" which are shared with you on decision (and vice versa).

If the above links don't work, for any reason, you can respond to this invitation by logging in as a reviewer at <https://www.editorialmanager.com/jbe/>

Guidance on responding to this invitation can be found on our support pages: https://service.elsevier.com/app/answers/detail/a_id/28524/supporthub/publishing/

If you need help with login, please click the "Send Username/Password" link on the Login page. If the problem persists, please contact our support team - refer to details at the end.

Peer review - and reviewers - are at the heart of the academic publishing process and so I thank you in advance for your contribution and time.

Kind regards,

Runming Yao

Editor-In-Chief

Journal of Building Engineering
